

GROWING TOGETHER • POSITIVE ATTITUDE • SUCCESS IN ALL WE DO

Dear Parent/Carer,

Re: Year 3 Relationships Education and Health Education

In school we aim to help children to learn to respect themselves and others and move safely and confidently from childhood, through adolescence, into adulthood. We deliver much of this work through Relationships Education and Health Education, which are statutory parts of the broader subject, PSHE. As part of our programme we provide Relationships and Sex Education (RSE). This programme begins as soon as children arrive in school and continues until the end of secondary school. There is more information about the areas your child will be covering below.

We are very aware that the RSE we deliver in school is only a small part of children's learning about their bodies, keeping safe, emotions, relationships and themselves. The majority of children's learning in this area takes place with you at home.

We hope this leaflet gives you some more information about our partnership in developing children's knowledge, skills and attitudes relating to RSE.

We will shortly be beginning some work in year 3 about 'Healthy and Safer Lifestyles'. This work forms part of an ongoing programme of RSE, which we deliver throughout the school. Our 'Healthy and Safer Lifestyles' topic covers some elements of Science, some Relationships Education and Health Education.

Your children will be engaging with the following questions as part of this work:

- **How are male and female bodies different and what are the different parts called?** *(This will cover correct 'scientific' naming of all external body parts, including sexual parts)*
- **When do we talk about our bodies, how they change, and who do we talk to?**
- What can my body do and how is it special?
- **Why is it important to keep myself clean?**
- **What can I do for myself to stay clean and how will this change in the future?**
- **How do different illnesses and diseases spread and what can I do to prevent this?**

**Part of the National Curriculum for Science.*

We encourage you to discuss these areas with your child before, during or after our topic, as children say that they greatly value being able to talk their parents/carers about these issues.

These are some useful sources of support:

To read the government guidance for Primary parents on RSE follow this link

assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/812593/RSE_primary_schools_guide_for_parents.pdf

For some ideas on how you might want to answer your children's questions go to www.bbc.com/teach/class-clips-video/pshe-ks2-the-big-talk/zn8f7nb

For information on talking about RSE to your children, try

www.fpa.org.uk/advice-parents-and-carers/how-start-talking-about-it

www.bigtalkeducation.co.uk/parents/how-to-talk-about-sex/

www.nspcc.org.uk/preventing-abuse/keeping-children-safe/healthy-sexual-behaviour-children-young-people/

You have the right to withdraw your child from the elements of our programme defined as sex education i.e. learning about human conception and birth. **There are no elements of non-statutory sex education taught in Year 3, therefore all children will be required to take part in the learning listed above.** If you would like to discuss any issues relating to our work on RSE, or to find out more about the lessons, please contact your child's class teacher.

Yours sincerely,

Miss Hawkins (PSHE lead)
