

RE Intent Statement

At Gunthorpe Primary School, it is our intent for the Religious Education elements of our school curriculum to engage, inspire, challenge and encourage pupils, equipping them with the knowledge and skills to answer challenging questions, describe, explain and analyse beliefs and practices of a range of religions and worldviews. Through their RE learning, we want the children to be able to make links between their own lives and those of others in their community and in the wider world, recognizing the diversity which exists and accepting the differences and valuing the views and traditions of our multi-cultural society. We also want the children to treat all religious/non-religious beliefs/views with respect and to prepare them for adult life, relationships with others, employment and life-long learning.
