

# Spring Term 1 Curriculum Overview Year 6

## English - Writing

In English, we will be writing third person adventure stories using descriptive techniques. Our audience for this will be year 3. After we will write a non-fiction text based on a deadly animal or plant.

## Maths

In maths to begin with we will be learning how to convert between different units of measurement such as metres and centimetres. After this we will further our understanding of ratio and decimal numbers. During this term we will also begin to learn about algebra.

## English - Reading

We will be tracking the journey of the Windrush as the first West Indian migrants made their way to Britain when we read "All aboard the Empire Windrush". After we will focus on "The Island" a narrative about a discovery.

## Science

Our science topic this term is "Living things and their habitats." We will be looking at how to classify animals and living things. We will be looking at both vertebrates and invertebrates and how animals are grouped beyond these groups.

## Geography

In geography we will be learning about the deserts and how deadly they can be. In this unit we will find out about the flora and fauna of deserts and how harmful they can be.

## PE

This term we will be doing dance (a football dance) and athletics.

## Music

We will be continuing our charanga work by learning and performing "A New Year's Carol."

## Computing

Computing this term is learning how to use the programming software Python. We will learn how to create simple loop and repeat programs as well as how to debug these programs to correct errors.

## PSHE

In PSHE we will be looking at our dreams and goals for the future.

## Spanish

During Spanish, children will be learning how to introduce themselves and say how they feel.

## RE

In RE, we will be consolidating our knowledge of Sikhism and Christianity.

## Art / DT

During DT we will be focusing on food technology and creating a come dine with me menu.
